

# SOLUTIONS ARCHITECT

LUXHUB is a Fintech of 35+ people operating as a regulated entity (Support PFS & Payment Institution).

Our solutions help clients navigate complex regulatory payments related frameworks and deploy innovative technologies. All our products and services operate within highly regulated environments, requiring precision, reliability, and deep domain expertise.

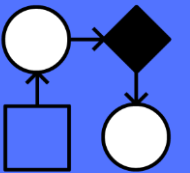

As a fast-growing company, we do need YOU to support our development. We are expanding our team with skilled, motivated, open-minded entrepreneurial people, and are now looking for an exceptional SOLUTIONS ARCHITECT.

# WHAT YOU'LL DO

We are looking for an experienced Solutions Architect to design and lead the development of robust, secure, and compliant financial systems. You will play a key role in shaping our technology landscape, ensuring our solutions meet strict regulatory requirements while delivering exceptional user experiences.

- Design end-to-end architectures for Fintech products (payments, APIs, Open Banking)
- Translate business and regulatory requirements into **secure, scalable solutions**
- Define **integration strategies** with financial institutions, payment networks, and third-party providers
- Lead **architecture decisions** across platforms
- Drive **technical delivery** and ensure alignment with architecture
- Collaborate with engineering, product, risk, and compliance teams
- Promote **API-first and microservices architectures**
- Ensure **high availability, resilience, and data security**
- Review technical implementations and **guide engineering teams**
- Support **audits, risk assessments, and security reviews**

# WHAT YOU BRING

- Proven experience as a **Solution Architect** in Fintech, banking, or payments
- Strong expertise in:
  - ✓ API Management platforms
  - ✓ Microservices & distributed systems
  - ✓ API design (REST, OpenAPI, event-driven architectures)
  - ✓ Secure system design & encryption practices
- Solid understanding of:
  - ✓ Open Banking / PSD2 APIs
  - ✓ Financial standards (e.g., ISO 20022)
  - ✓ Identity & access management (OAuth2, OpenID Connect)
  - ✓ Encryption principles
- Strong experience in **architecture documentation** (solution design documents, architecture diagrams, decision records)
- Familiarity with **DevOps, CI/CD, Docker, Kubernetes**
- Ability to **lead technical delivery** and act as a **Technical Project Manager** when required
- Strong stakeholder communication and leadership skills

# NICE TO HAVE

- Experience integrating **AI-driven solutions** into financial platforms
- Knowledge of **fraud detection systems** or risk engines
- Experience with **event streaming** (Kafka, etc.)
- Experience with **core banking systems** or digital wallets
- **Certifications** (Azure Solutions Architect / AWS Architect)

If you are interested in working in a start-up environment, facing new challenges everyday together with a highly motivated team, please send your application with detailed curriculum vitae to “[jobs@luxhub.com](mailto:jobs@luxhub.com)” – reference “IT Project Manager”.

Please note that during the last final step of our selection process, we will ask you to provide us with the bulletin number 3 of your Luxembourgish criminal record and with the equivalent from your countries of residence in the last 5 years (if applicable).

You are hereby informed that LUXHUB will process your personal data within the context of the recruitment process when you answer to one of our job offers or send us an application spontaneously. LUXHUB is in this context acting as data controller and your personal data will be disclosed internally with the relevant persons involved in the recruitment process. In order to verify the accuracy of the information provided, LUXHUB may perform checks based on professional related information available on public websites. LUXHUB will store your personal data for a period of up to six (6) months from the date of closure of the recruitment process. If you want to exercise your data subject access rights, please contact us at [dataprotection@luxhub.com](mailto:dataprotection@luxhub.com) or LUXHUB, Attn. DPO, 153-155D Rue du Kiem, L-8030 Strassen. In accordance with applicable data protection legislation, you also have the right to lodge a complaint with the CNPD.
